

ALEX'S UNICORN

A counted motif chart for knitting or stitching

Motif as shown is 39 units wide and 40 units tall.

In this house the apples don't fall far from the tree.
Elder Daughter Alex noodled this up, taking
inspiration from the Sibmacher yale, from his 1590s-
1600s era modelbooks.

She used this unicorn for double knitting. I think it
would be splendid stitched up, too.
